Largest School Donation Ever!

God certainly blessed the school recently with the largest donation the school has ever received. What a great addition to the building fund!

There's more to do, and God knows. Pray for direction and connection, according to Nehemiah 1:9, "let Your servants prosper this day."

School Starts Next Week

The summer, like it always seems to do, blew by quickly for students and staff alike!

New staff - more than 15 - reported on August 6 for orientation, while the in-service for the full team began August 11. Required trainings, teamwork development, and classroom readiness have been the primary focus.

Be in prayer for the entire school community as student and family orientations were this week and school starts in less than 5 days.

We want smiling faces and changing lives.

Protecting our Warrior Legacy

Philippians 4:8 - *If there is any virtue and if there is anything praiseworthy - meditate on these things.*

This verse calls us to intentionality in our thoughts, shaping our perspectives and lives. It's a solid reminder that where we focus - the good, noble, and excellent - is what we will find - wisdom and resilience.

When we cultivate minds fixed on what is pure and praiseworthy, we strengthen our resolve and honor the values of God.

By living each day with focus, we actively **Protect our Warrior Legacy.**

Annual Girls Basketball Camp

Donation Highlight

Current Need

If you are thinking about a gift to the school, there are several projects that you can fund. One particular need touches every facet of the school:

- Bus replacement - the goal is to find newer vehicles to enhance the academics, arts, and athletics. This project literally moves students forward.
- Want to Donate? [Go here](#)

● Highlighting our Alumni

Chris Dodson (class of 2004), his wife Katie, and their 7 children are serving the Lord as missionaries in Utah. As he put it, "our many children really give us a good disguise there." Their growing church reaches into the community with sports camps during the summer.

When asked about his time at ACS, he said the school "gave me a Biblical worldview and experiences that stretched me out of my comfort zone allowing me to grow in God's grace."

If you are interested in sending them a note or supporting their ministry, you can contact the family by using this link - the [Dodsons in Utah](#).
